

WLIC SEAWALL PERMIT

PROPERTY OWNER NAME: _____

BLOCK/LOT: _____ ADDRESS: _____

The Weatherby Lake Improvement Company hereby grants permission for the listed property owner to construct ___ modify ___ repair ___ a seawall at above stated address and Block/Lot. All work is to be in accordance with plans, surveys and specifications attached.

Applicant must notify Weatherby Lake Improvement Company office:

1. 48 hours before beginning construction for a PRECONSTRUCTION Inspection
2. After footings have been laid but prior to wall construction for a FOOTING Inspection
3. 48 hours before project completion for a POST CONSTRUCTION Inspection

No demolition waste, excavated material or construction material is to be allowed to go into the lake under any circumstance. If material is deposited in the lake for any reason, this permit will be suspended immediately and will not be reinstated until such material is removed in its entirety from the lake.

A refundable cash deposit of **\$100.00** is required for all seawall repair permits (tuck pointing and/or minor repairs to structural components of seawall).

A refundable cash deposit of **\$500.00** will be required for all new or replacement construction of over 20% of the mass of the existing wall.

Amount of deposit:	\$ _____	Date _____
PRE-CONSTRUCTION Inspection by:	_____	Date _____
FOOTER Inspection by:	_____	Date _____
POST CONSTRUCTION Inspection by:	_____	Date _____
Deposit released by:	_____	Date _____

This permit does not cover any plumbing or electrical work that may be associated with a seawall improvement, nor does it cover Erosion Control. Proper permits for such work must be acquired from the City of Weatherby Lake.

1. Is there any plumbing or electrical work associated with this project? Yes___ No___
2. Has an Erosion Control Plan been filed with the City of Weatherby Lake? Yes___ No___
3. Has the permit(s) been granted by the City of Weatherby Lake? Yes___ No___
4. If yes, attach copy of permit(s) granted by the City of Weatherby Lake.
